

Renovation project | mud house | 2000m2 land

Price 350 000 Dhs - 32 900 €

Description

HOUSE TO RENOVATE AROUND MARRAKECH: nice mud built village house to renovate on 2000m2 plot - 30km south of Marrakech centre

M2Morocco, your Moroccan property specialist, brings you this renovation project of a typical berber village house located around 30km south of Marrakech.

The house sits on a +/- 2000 m2 plot in the village of Tahouna (an authentic Berber village) close to Tamazoust. The location is simply magnificent and the property benefits from fantastic natural scenery around it. The house is located at the foot of a hill, with a ruin of a Kasbah on top of the hill. The house is also next to the oued (river) and benefits from nice views toward the Atlas mountains and the surrounding hills.

The house is accessible through a 500m track leading to the main road. There is electricity just outside the house.

This is an ideal renovation project to create a nice country house or to create a B&B (maison d'hôtes). The natural landscapes around the property lend themselves to all kind of outdoor activities: mountain biking circuits, hiking, parasailing, etc...

M2Morocco can also help you with the administrative and building works or offer you a turnkey solution for this project....

Characteristics

Number of rooms : 10
